1. Your Name? Saifil Ali Your UIN 323008228 Date 01/29/2016 Lab Time? TR 02:20pm – 03:10pm

2. Write the name of the classmate if you partnered to exchange excel data from the ESPN site.

Name: Chris Folleras Circle the league they did: NFC **AFC**

3. Did you deliver the excel data for your part to your teammate at least 48 hours before the turn-in deadline? (circle) **YES** / NO

4. Did your teammates deliver their part of the excel data to you at least 48 hours before the project turn-in deadline? (circle) **YES** / NO

5. How many source lines of code (include comments) are in your:

Java program? 155 C++ program? 200 Excel formulas? 55

6. How many days did you work on this project (only count days that you spent time coding)?

Days? 6days What was your productivity (lines of code per day)? 68

7. Did you have someone code review your code and make comments? **YES** or NO

If YES, what was their name and relationship to you? Anish Ali - Senior CSCE major and Childhood Friend.

Explain how it was valuable or not. He helped me in shrinking my code and gave some advice on complexity and runtime of my algorithms.

7. What lessons did you learn from this project about input data, code development, and output results?

First thing I learned is Football. Second most important thing that I learned about input data is usage of Excel and text file into Java & C++ programs. In Code development area, I refreshed 2 languages within 4 days. This project reminds me of how useful both languages are over each other on some particular perspectives.

8. Did your output results match the expected results provided by Dr. Ward? **YES** or NO

If NO, explain:

9. List key sources used: web pages, people, books or any printed material, which you used to prepare your submission and implementation of the code for the project.
